A NEW Classroom Lockdown Solution

SAFEBOLT™ Instant Lockdown Locks

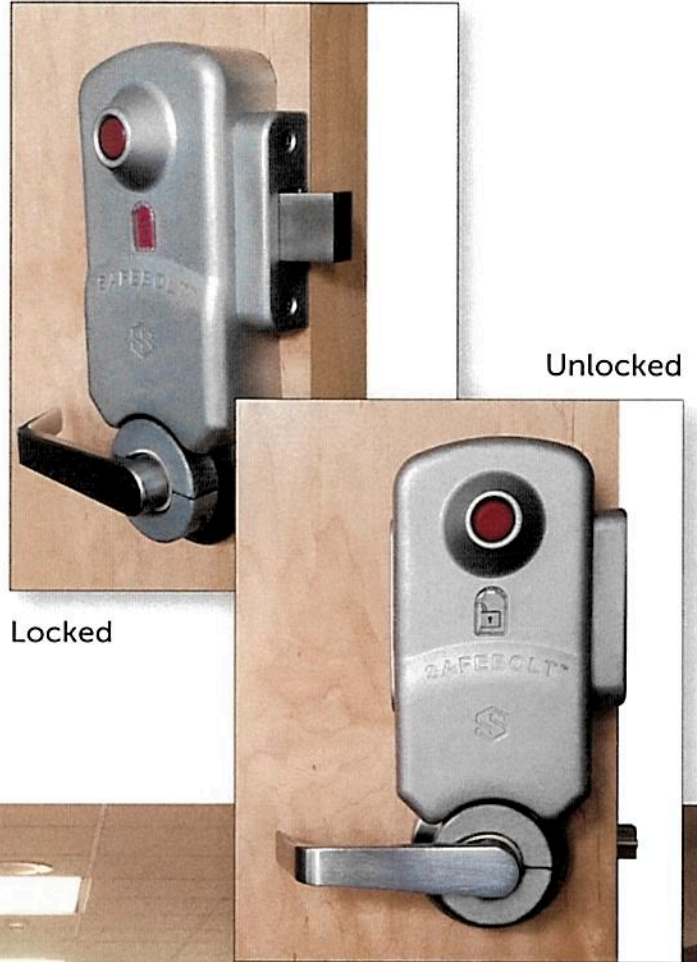

SAFEBOLT Instant Lockdown Locks provides instant bolting of the door with a press of the red button, and installs over existing cylindrical lever locksets.

- Maintains single motion free egress at all times.
- Meets all Life Safety and ADA codes.
- Thru-bolted steel housing with heavy stainless steel bolt, adapter to existing lever, and flame-retardant glass fiber nylon cover.
- Lock status indicator window turns red when lockdown is activated, easily seen from across a room.
- Metal installation template ensures accurate and fast installations for interfacing with all popular cylindrical locks. Quick SafeBolt accepts any standard rim cylinder and greatly increases the security of your doors while focusing on life safety.

Item# 2000707 (Left Hand Cylindrical Lock)
2000711 (Right Hand Cylindrical Lock)

Contract and project pricing available!

*SAFEBOLT™ is approved to be used as a component in a Fire Door assembly with 1/3-hour rating with Hose Stream.

NEW Classroom Lockdown Solutions

FAST Lockdown Intruder Protection Locks

This system is designed to accompany your existing lock, eliminating the need for replacing key systems. Trim converts an existing mortise lock to an instant lockdown lock.

- Anyone can secure the room with a flip of the red lever!
- Allows free egress at all times.
- Meets all Life Safety and ADA Codes.
- Contains an interior lever trim that replaces existing lever trim.

Thru-bolted, optional signal switch, and optional interior cylinder available separately.

Item# 2000708 (Left Hand Mortise Lock)
2000709 (Right Hand Mortise Lock)

Introductory price: \$262.49
Contract and project pricing available!
