

# Health and Safety

## Basic Needs Checklist

You know that healthy students are better learners and that keeping our children healthy and safe is a top priority. Federal and State regulations stipulate basic requirements but to save you the time and effort of referring to them, here is a quick list of The Top Basic Health and Safety supply items every school should have readily available.

**50 person  
First Aid Station**  
#1440800

**Standard Bus Kit**  
#1597439

**Field Trip Kit**  
#1400517

**First Aid:** A first aid kit should be readily available wherever children are in care - including during field trips, outdoor play, and transportation. First aid kits should be kept out of children's reach. The nurse's office and/or reception area should have one, plus other areas including chemistry labs, art, or industrial classrooms.

Item# 1440800 - a 50 person, 300-piece kit, that includes all of your basic needs in one. First Aid should also be readily available on field trips and in route to and from school. Standard Bus Kit, item# 1597439 and the Field Trip Kit, item# 1400517.

**Nitrile Gloves:** Because Nitrile gloves are allergy safe, they are extremely versatile and perfect for cleaning, food service, and first aid. They are powder free, latex free, universally sized and medical grade. Item# 1497162.

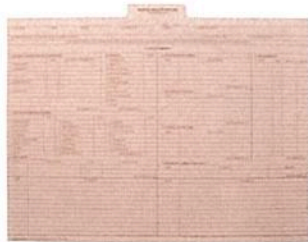

**Thermometer:** Prevent the spread of germs by eliminating contact when taking temperatures. Medline's No Touch Thermometer, item# 1587397 is perfect.

**Alcohol Wipes:**  
Clean cuts and scrapes before applying a bandage.  
Item# 1514630

**Bandages:**  
A must for all areas!  
The top bandage is item# 1469006, Band-Aid Flexible 1" x 3" fabric bandages.

**Health Records:**  
You already have a policy in place to keep up to date medical records for all students and teachers should

know which students have documented medical conditions that may require prompt attention. The Cumulative Health Record, item # 1481895, makes this easy.

**Single Use Burn Ointment Packs:**  
When accidental burns or cuts happen in the classroom, be ready to treat students promptly with these ointment packs - item# 1446823

**Nosebleed Dressing:**  
Nosebleeds often happen in PE classes and on the playground. You can use our FDA approved Nosebleed dressing, item# 1587400 to stop the bleed.

**Ice Packs:** Rest assured that children will come to the office for Ice Packs for EVERY bump, bruise or scrape. Use ice packs item# 029281 for instant relief. For high volume use, try Cramer ice bags and dispenser to fill with ice: item# 1593271 & 1593270

**OTC Medicines:** Help students who are experiencing sudden pain or fever (i.e., headaches, toothaches, menstrual cramps). It is recommended to keep a stock of acetaminophen, ibuprofen and antihistamine to cover these circumstances and remember to obtain parent permission before dispensing. Commonly used medications include Alka-Seltzer (item# 1311306), Ibuprofen (item# 1404263), Antacid (Item# 1123922), and Non-Aspirin (Item# 1053630). For a complete kit, we suggest item# 1446093.

**School Specialty is your convenient source for these student health and safety essentials and more. Check your supply and let us know if need more - it's as simple as adding them to your next order.**
